The New Congressional Bill.

A general shaking up of the congressional districts in Kentucky is provided in a bill offered by Representative, W. H. Strange, Republican in the House. The bill is a Republican measure which was indorsed by the Republican caucus and is one of the bills that the Republicans will try to put through. The Legislative Redistricting Bill will be introduced later, it not having been drawn yet.

Powell county is taken from the Tenth district and placed in the Eighth which is composed of the following counties: Bath, Clark, Estill, Fayette, Garrard, Jessamine, Lincoln, Madison, Menefee, Powell and Woodford; population, 191,030.

Alleged Murderer Caught.

John W. Hawkins was arrested at the home of his father, William Hawkins, in Estill county, last Wednesday by J. L. Allen and took to Mt. Sterling and lodged in jail. Hawkins is charged with the murder of Horace Reynolds, a young man who was shot from ambush near Jeffersonville, Montgomery county, on August 3, 1895.

An indictment was returned against Hawkins, but several years ago it was stolen from the Clerk's office with a batch of others and has never been found. Mr. Allen will receive a reward of \$250 offered by the State for Hawkins' capture.

A State of Civil War.

Kentucky is practically in a state of civil war. Between the desperate times of the tobacco trust on one hand and the night riders on the other, things have gotten in bad shape.

The authorities should at once institute proceedings to drive the American Tobacco Company and its allies and tributary satellites from the State. Then the night riders would stop. Anything is better than the present state of affairs.

The administration should bear down on both sides equally. It seems that most of the ammunition of Gov. Willson has been directed at home people. He should give the trust some of the same kind of medicine. Let all lawlessness, whether it be by rich or poor, be put down with absolute impartiality.—Beattyville Enterprise.

Where National Aid Would Help.

No state or county is able to make and maintain a good system of roads. 300 miles of good roads will well do the people more good than a battleship, and fifty miles would be prettier than a government building, and the amount wasted in a dam would benefit more people if expended in road building. When it becomes customary to send sensible men to Congress I intend to spring that question, but I fear that old ago will overtake me before that time.—Jackson Democrat.

A Correction.

In the report of the Walters' Ferry Bridge Committee in last weeks issue the names of O. W. Witt and Robt. R. Friend who each gave \$1 00 to the fund were inadvertently omitted from the list. The name S. E. Garrett should have been R. M. Garrett.

Death of George Herron.

Mr. George Herron died at his home in this city Friday night after a very lingering illness. Funeral services Sunday morning by Prof. Campbell. Burial at the local cemetery after the funeral under the auspices of the K. P. and Jr. O. U. A. M.

Mr. Herron is a native of Carter county but has been a resident of Clay City for the past fifteen years, during which time he made many friends here and no enemies. The bereaved family has the sympathy of a large circle of friends.

Marshal A. P. Johnson has been confined to his room this week and Jas. G. Easter has been serving the city as Chief Police. Jim has proven himself to be a brave and fearless officer and, during these few days of service, has been a terror to the offenders of the law.

Council Meeting.

The new council met last Wednesday night and adjourned until Friday night at which time it reconvened. The regular meeting night was permanently fixed to be the 1st Friday night in each month.

It being the first meeting

of the new board the election of Marshal, Clerk and Treasurer came up. Albert Johnson was reelected Marshal, Luther Loving was elected Clerk and A. T. Whitt was elected Treasurer. The salaries were left unchanged except in the Treasurer's place. S. D. Roso and Thos. Edge were appointed street committee. A committee was appointed to confer with a committee to be appointed by the Lodges of the city to look toward the building of a City Hall and Lodge room combined.

The retiring Treasurer's report showed a balance of \$972 in the Treasury with a few outstanding warrants not yet paid. All of these of small amounts, however.

New Postal Ruling.

The postal department has issued a new ruling regarding the entrance of papers at the second class rate. The law explains itself as follows:

"A reasonable time will be allowed publishers to secure renewals of subscriptions, but unless subscriptions are expressly renewed after the term for which they are paid, within the following periods:

Dailies, within three months;
 Tri-weeklies within six months;
 Semi-weeklies, within nine months;
 Weeklies, within one year;
 Semi-monthlies, within three months;
 Monthlies, within four months;
 Bi-monthlies, within six months;

Quarterlies, within six months, they shall not be counted in the legitimate list of subscribers, and copies mailed on account thereof shall not be accepted for mailing at the second-class postage rate of one cent a pound."

A Good Good Roads Idea.

Mr. Harry A. Sommers, of Elizabethtown, has written a lengthy article to the Louisville Times, in which he advocates State aid to the building of public roads. He lays down four conditions that make the proposition at this time seem feasible.

The State is out of debt.

The New Capitol is about completed.

There is a surplus in the treasury.

The tax rate is yielding more revenue than is needed.

Mr. Sommers quotes an authority on how to build a good road. This is what a road expert says:

Every dirt road should be properly graded with good drains on each side to carry off the water as the first step toward building a turnpike. The road should then be rolled under a heavy steel roller until the ground is compact and hard. Then comes the rock crusher set to crush the rock from the quarry so as to pass through a three-inch ring. This should be put on the highway to the depth of not less than six inches and then have the steam roller go over it several times, with the road slightly higher in the center, then put on the screenings which you get while crushing the rock to the

depth of from two to three inches, then have the steam roller go over that several times, it is best to have the screenings wet if possible, but not absolutely necessary. You then have a model highway. These roads cost from \$1,000 to \$1,500 per mile according to the width in which they are made and the convenience of the rock. Gravel roads where the gravel is near at hand can be built at about half the cost and require the steam roller just as much as the turn pike.

It takes some nerve for a Republican to talk about the connection between Democrats and hard times. Let's see about it. U. S. Grant had been President four and a half years when the panic of 1873 came. General Arthur had been President for two and a half years at the time of the panic in 1884. Grover Cleveland had been President only about two months when the panic in 1893, carefully arranged for by Republican legislation, occurred. Theodore Roosevelt has been President for more than six years and the Republicans have had full possession of all branches of the Government for ten years. Yet two panics have occurred during his administration. The Republicans will have to cease claiming credit for the prosperity of a country which only belongs to the Supreme Being. Their legislation or a failure of it, caused a panic when there was every cause against it.—Winchester Democrat.

The Foolkiller is sick or has bucked on his job. The postoffice department has ruled that a weekly newspaper can't credit its subscribers longer than twelve months. Madden, the 3rd assistant postmaster general, has been doing stunts for years to get on the front pages and this is his latest. Instead of trying to reform the service of its abuses by bringing the railroads and other grafters to book, he is entirely trying to make it hard for the country weeklies. What business is it of the department whether the subscribers are cash or credit? If it will decree that everybody must subscribe and pay, then he might be justified, but we fail to see why a newspaper can not credit as well as a merchant. No country weekly is going to send out papers to men unless they have good assurance that they will get their pay. A find large job for the Foolkiller is up in Washington.—Jackson Democrat.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

About the thinnest, unpatriotic spirit that can manifest itself is for a person, or persons, in business, an employee, or of any of the professions, to draw a salary, or income, from a community and go elsewhere to do their trading. Patriotism, as well as charity, should begin at home, and anyone void of this instinct and pride in home institutions is a darn poor citizen, and of whom a community can let go without noticing the vacancy made by their departure.

Slaps in a Bottle.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

Renew your subscription at once or this paper will stop. No more long subscription accounts.

Let J. P. Maupin fix that clock or watch for you. Charges reasonable and satisfaction always.

AN ALL HOME-MADE PAPER.

THURSDAY, Jan. 16, 1908.

LOCAL BREVITIES.

D. M. Curry, of Davidson, Ky., visited relatives in the city this week.

Dr. B. R. Smith reports the birth of a son to Mr. and Mrs. W. G. Patrick.

Dr. Irvin reports the birth of a son Saturday morning to Mr. and Mrs. Richard Adams.

C. W. Barnett and W. F. Barnett were in Winchester yesterday on a business mission.

Mrs. Robt. L. Shimpfessel, of Vaughn's Mill, was the guest of Mrs. B. Littlepage Tuesday and Wednesday.

Police Judge T. J. Fletcher is qualified to fill out pension vouchers and attend to other pension matters.

Ed White and family have recently moved to Pineville where Mr. White has a paying position as general machinist.

Henry R. Prewitt, of Mt. Sterling is being prominently mentioned as Democratic nominee for Congress from this district.

John W. Burgher has moved to King's Mills, Ohio where he has a position as machinist for the large powder mill located there.

Blackburn & Company's large store was burned at Rosslyn last Thursday night entailing a loss of about \$3,000 with much less insurance.

Mrs. Williams is running a special sale of some valuable articles. See new advertisement in this issue. A good opportunity to save some money.

Since January 1st, remember we can only send the paper for one year after time paid for expires, so renew at once, if you don't want the paper to stop.

Postmaster General Meyer has issued an order that all contractors for mails upon star routes shall not transport intoxicating liquor from one point to another while in the performance of mail service.

J. B. Eaton has again taken charge of his livery stable. Geo. W. Anderson, will move to Mt. Sterling and engage in business. George is an enterprising citizen and we regret to see him leave Clay City.

J. C. Patrick has secured from the board of trustees of Stanton the privilege to light that town with natural gas for fifteen years. He has leases he will develop for gas on about 1,500 acres the coming summer.

A letter announcing the death of Elder E. W. Marcum at his home in Oklahoma has been received by a friend of the deceased in Clay City. The cause of his death has not been learned. He leaves a wife and twelve living children.

Retiring State Treasurer H. M. Bosworth turned over to his Republican successor \$1,200,000.00 and left the State absolutely free of debt and the new capitol paid for. We will wait and see how much these fellows will turn back to the Democrats in 1912.

George W. Anderson, Jr., has bought the blacksmith shop and business of A. C. Tipton & Co., and has taken possession. He is an excellent young man and we wish him success. John M. Tipton will remain with him.—Mt. Sterling Gazette.

Miss Carrie Barnett, who has been in declining health for some time and who has recently grown very much worse, was last week taken to Lexington to consult a specialist, who pronounced her trouble curable, though very much complicated.

A Higher Health Level.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach, liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at Swann-Day Lbr. Co's. store. 25c.

Please Renew at Once.

We this week have stricken 265 names from our list, subscribers who are as good as we wish, but the postal authorities positively prohibit papers being sent to subscribers for a longer time after their subscription expire than twelve months. All of these 265 persons owe us for over 12 months subscription, so we must stop sending them the paper until they renew. This hurts us worse than it does the subscribers, but, nevertheless we must obey the law.

We hope these will renew at once. We regret that we could give no longer notice of the new postal ruling allowing more time for subscribers to settle up, but we were not apprised of the new law which took effect January 1, 1908 until a few days before last week's issue and we had to pay third class postage on our papers last week so as to get the warning to them in one issue only.

Bridge Report.

We last week published a complete report of the receipts and disbursements of the Walters Ferry Bridge Committee. This report shows a balance of \$61.80 due the writer, and which amount will be asked of the Fiscal Court to allow at its April term. By this report it will be observed that the total cost of bridge is \$1,992.53. This includes bridge, approaches, right of way, and fence on right of way. Of this amount the county has only

G. M. Derickson & plaintiffs, versus George Alford & defendants.

Notice of sale in Equity. By virtue of a judgment and order of sale of the Powell Circuit Court, at the November term, 1907, thereof, in the above cause, the undersigned will on the 3rd day of February, 1908, at 1 o'clock p. m. or thereabout, (being Court Day), I will proceed to offer for sale at Public Auction to the highest bidder, on a credit of six months, at the Court House door, in Stanton, Ky., the property mentioned in the judgment, to wit:

Being on the waters of Black Creek, and described as follows: On the north by the lands of James Barker, on the east west and south by the lands of James Bailey, beginning on the county road running up Black Creek so as to include four acres more or less or sufficient thereof to produce \$138.10, so ordered to be made.

The purchaser will be required to give bond with approved security, for the payment of the purchase money, to have the force and effect of a replevin bond, bearing legal interest from the day of sale, according to law.

Bidders will be prepared to comply with these terms. A lien will be retained on the land sold till all the purchase money is paid.

paid \$883 while the citizens in this end have paid in \$1,047.00. If the citizens in other parts of the county would do as much for the county in building bridges as we do in this end it would be an easy matter for the Fiscal Court. The Waltersville bridge was built by the people in this end of the county and the city of Clay City without any aid whatever from the county.

It Does the Business.

Mr. E. E. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve. "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c. at Swann-Day Lbr. Co's. store.

Notice to Property Owners

All persons owning property in Clay City along where walks are laid, are hereby notified if out of repair to put same in good passable condition at once. By order of the City Council at its regular February, 1908 meeting.

A petition largely signed by citizens of Kentucky and other states asking the pardon of Caleb Powers has been presented to Gov. Wilson. The Republicans of the Eleventh district want Caleb pardoned in time for him to run for Congress next summer.

Rank Foolishness.

"When attacked by a cough or a cold, or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. My children are subject to croup, but New Discovery quickly cures every attack." Know the world over as the King of throat and lung remedies. H. H. Page, a farmer, of Gallows county, after finding a note from night riders pinned to his gate, decided to pool his tobacco and published a notice to that effect in his county paper.

A Cure for Misery.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louellen, S. C. It's called Electric Bitters, and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at Swann-Day Lumber Co's. store.

Notice.

Owing to the bad weather which prevents my seeing those who owe me I will at once place all my accounts in the hands of the sheriff with instructions to collect soon as possible. Mrs. B. Littlepage.

Our Business Principles:

We are not in the business alone to make and hoard money, but to please and accommodate our customers.

We keep Postage Stamps for their convenience and accommodation.

We keep a City Directory, so important to all, for their accommodation and information.

We keep a Telephone, and its patrons are treated with courtesy and attention.

We gladly make change when it is possible to do so.

Our Big Clock is made conspicuous for the benefit of our customers. It is electric regulated and always correct.

We politely answer all reasonable questions, and give the fullest information possible.

The hospitality and comforts of our store are generously offered to persons waiting upon the corner in hot, cold or inclement weather.

It is a pleasure for us to accommodate our customers in every reasonable way, and when we fail to do so, kindly let us know.

CAMBRIDGE

Reversible Sulky Plow

The Cambridge Reversible Sulky Plow is the highest type of plow of the twentieth century—constructed on correct, scientific and mechanical principles. It is the result of a constant endeavor to produce a perfect riding plow, and has 61 years experience in plow making back of it. The demand of the times has been for a better riding plow—the Cambridge meets that demand and only needs to be tried to convince the farmer that it is the superior of any riding plow ever before produced. It will do splendid work equally well on level land or on the hill-sides; it leaves the soil smooth and free of ridges and dead furrows; works with better draft than any hand plow doing the same work—easy on man and team. Made in two sizes and from the best malleable iron and high grade steel improved and extra heavy steel wheels with dust cap and removable chilled boxes. Easy to manage, always under perfect control.

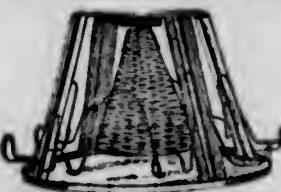

SUCCESSFULLY OPERATED BY ANYONE WHO CAN DRIVE A TEAM

You'll want to know all about the Cambridge before you buy a new plow. Write today for a circular describing its construction and working points. We'll send it free also complete catalog of "The Lovejoy Line" of Farm Tools that will interest you. If we have no dealer in your town, we want to make you a special Price Offer that will save you some money. Be sure and get price and circular before you buy a riding plow—when you buy, you might just as well buy the best. Write today.
